

WHAT YOUR PET WILL DO EACH DAY

Our day begins at 6am with our first walk, petting, and treats.

Breakfast is at 8am followed by the second walk.

Special services are conducted at 10am for pets with "Nature Walks", Spa Services, brushing, massage, petting sessions or any other special requests.

Guests are chosen for play groups beginning at 10 am. Pets participating must have written permission and must not show any aggression toward other pets.

Pets that don't go to play group enjoy a private romp in the agility playground with their Inn keeper or to the indoor playroom for some personal attention.

Playgroup or the third walk begins at 10am and is packed with fun and exercise until 4pm.

All pets enjoy a little seista time after playgroup with a treat in their room while we prepare food for room service.

Dinner is at 5pm followed by individual walks to the potty yards and petting. Final tucking in time is 10pm.

THINGS TO DO BEFORE CHECK IN DAY

Make sure your pet has a name tag on his/her collar. Pets without collar I.D. can't participate in the playgroups.

Get a Bordatella Vaccination two weeks prior to check in day if your pet hasn't had one within the last year.

Put your vaccination records inside your pets bag.

Make a list of all belongings you will be bringing and enclose this list in your pets bag.

Prepare your food container with a name label and instructions for use. Enclose a measuring scoop or cup for dry food. Any air tight container is fine. Ziplock bags are fine. Send at least 2 days of extra feedings in case you have to extend your visit.

Label any perishable food items in ziplocks or plastic ware. Label all cans or wet packets.

Bring medications and written instructions in a separate baggy to leave at the front desk.
